City of Refuge Rules and Regulations

The purpose of the following rules is for the protection of the children at the IMI City of Refuge.

Appropriate action will be taken in the event that these rules are violated to include being banned from the City of Refuge.

1. All visitors must be scheduled and have prior approval from IMI management before entering any part of the City of Refuge. Visitors must also agree to abide by all rules including but not limited to those listed here.
2. The use of illicit drugs or alcohol is strictly prohibited.
3. The **promotion** of any religion other than Christianity is strictly prohibited.
4. Appropriate language and conduct must always be maintained.
5. Children's daily schedules, e.g. school, chores, meal time, homework time etc. must be honored.
6. Children are not permitted to leave the base alone. They are never permitted to leave with a missionary without prior staff approval. In certain cases, written approval that is cosigned by the gate guard on duty may also be required.
7. Visitors are never allowed to be alone with a child out of view of a staff member.
8. Visitors may not enter any children's dorm without a staff member.
9. No gifts of any kind may be given to child without prior staff approval. This includes candy, gum, soda, snacks, money etc. SODAS ARE STRICTLY PROHIBITED FOR CHILDREN.
10. It is common for children to ask to use your smart phone or tablet. This is strictly forbidden without staff supervision.
11. Visitors are never permitted to discipline a child. Behavior issues are to be brought to the attention of City of Refuge staff.
12. Discussions related to adoption or a child visiting America may take place solely and privately with IMI staff. Any discussion of these matters with a child is strictly forbidden and will not be tolerated.
13. **The City of Refuge is very safe. Parts of the surrounding community may not be particularly at night. Missionaries desiring to venture beyond the City of Refuge property may only do so with prior staff permission, in groups of four or more and during daylight hours.**
14. **Children are the primary focus at the City of Refuge.** While we are not opposed to appropriate dating between men and women we are simply not set up to support unmarried couples. Nor do we have the time and energy to spend dealing with the myriad issues that arise and on correcting mistaken perceptions and confusion created within and among our children. If dating is your focus then the City of Refuge is not for you.
15. Housing and kitchen standards and rules are posted in each unit and must be followed.
16. **Long term** missionaries must supply their own twin or queen sheets, (check with Josh) towels and laundry soap.
17. **Dress Code:**
The purpose of the dress code is to provide reasonable expectations to assist in respecting the culture of the people of Honduras, as well as to exemplify the biblical principles we are working to instill in the children under our care. Please read the following guidelines and prayerfully consider the attire you plan to bring on your trip.
Women/Girls clothing – Shorts need to be at least to the knee. No cleavage can be visible and transparent clothing is not acceptable. For church services outside of the orphanage, a knee length dress/skirt is preferred, otherwise pants are required.

Pool Attire: Honduran women in the surrounding community general wear shorts and t-shirts in the pool. Therefore, one-piece bathing suits are recommended for female missionaries. If you want to wear a two-piece then please be prepared to wear a t-shirt and board shorts over it.

Men/Boys clothing – a shirt is always required except in the pool. Even so the sun is extremely strong here and many men and boys wear shirts in the pool as well. For church services outside of the orphanage, long pants are required.

Clothing with drug- or alcohol-related symbols or phrases is not permitted.

Tattoos have a strong tie to drugs, crime, and prison in this culture. As much as possible, cover your tattoos. We understand the weather can make this a challenge and will not require long-sleeved t-shirts, but please do your best to comply.

Piercings are acceptable for girls/women, but only earrings. If you have a nose piercing, please remove it for the trip. Please remove any other piercings.

PIERCINGS ARE NEVER ACCEPTABLE FOR MALES. Please remove them before coming.

18. Boundaries for interactions with the opposite sex.

The City of Refuge is first and foremost an orphanage and a mission’s base. It is important for us as missionaries, to represent Christ well. Missionaries carry the gospel message through their words and actions. We must do our best to avoid the appearance of evil so as not to become a stumbling block for others. Missionaries must understand that they are constantly being observed and evaluated by the children, Honduran employees and members of the surrounding community. Certain actions and behaviors considered harmless, “no big deal” or normal within the context of your own culture might be quite offensive or even destructive here. Please keep in mind that serving as a missionary at the City of Refuge means that you represent IMI and not just yourself. This becomes even more important in the case of younger missionaries who may be the same age or just a few years older than some of our children.

Please refrain from flirting and or engaging in any physical affection with the opposite sex unless you are married. This includes holding hands, hugging, laying together or entering sleeping quarters of the opposite sex as that portrays a very different view in the Honduran culture than it does in your own homeland. We do not allow unmarried missionaries and interns to be anywhere secluded alone with someone of the opposite sex. Failure to respect these guidelines and or stand corrected may result in a missionary being immediately sent home at their own expense and being banned from future visits to the City of Refuge.

In addition, City of Refuge employees are prohibited from fraternizing with the opposite sex as a condition of their employment. This includes exchanging phone numbers or other forms of electronic communication not directly related to their normal job duties. Please help them by respecting this boundary.

I hereby agree to all the IMI rules and regulations and corresponding conditions as listed above. I understand that it my sole responsibility to clarify any points that I find confusing.

Recommended Reading

Almost anyone involved in missions will say that their first mission trip was everything other than what they expected. There is so very much to learn when it comes to learning how to relate to people from different cultures. For example, there are time oriented cultures such as the USA where everything is organized according to a 24-hour clock. Efficiency, punctuality and production are key. If church is scheduled to begin at 10am it normally begins at 10am. People probably won't flinch much if the service starts five minutes late but thirty minutes is completely unacceptable. If the service is scheduled for 60 minutes then it better end at or very near 11am or people will be angry. In contrast, most third world and indigenous cultures are "event oriented". As it was once explained to us; "in third world nations we know that today we could get sick and be dead in two days. That's why relationships are more important than schedules." Church services in an event oriented culture might be scheduled for 10 am but not start until 11 because the Pastor's mother called and needed help. A service scheduled to end at 1pm might finish at 3am because well, that's just how the spirit was leading the pastor and people were still worshipping and dancing anyway. Our point is that things are probably going to be different in some of the most unexpected ways.

Therefore, we recommend reading the following book particularly if you are planning an extended stay at The City of Refuge

In *Ministering Cross-Culturally*, the authors demonstrate that Jesus needed to learn and understand the culture in which he lived before he could undertake his public ministry. The authors examine how this can help us better understand what it means to establish relationships of grace with those from different cultural and social backgrounds. With more than 70,000 copies of the first edition in print, this Incarnational model of ministry has proven successful for many people. Several sections in this second edition have been rewritten, and the entire book has been updated to reflect development in the authors' thinking. Drawing from the authors' rich experience on the mission field, this book will benefit anyone who wants to be salt and light in a multicultural and multiethnic world.
